The Secretary to the Govt. of Mysore
Gen: and Rev: Departments.

SIR,

I have the honour to state that it has been represented by the Senior Surgeon that certain modifications in the Scale of allowances of Ward Medical Officers as laid down by Govt. Order No. Pg. 489-500 dated Bangalore 19th Nov: 1898 are needed. He proposes that from and after the 1st April 1899 the allowance should be fixed in accordance with the appointment, not according to the grade of the officer holding the appointment. He points out that the Nature of a Ward Medical officer's work is the same whether he is a Hospital assistant or an assistant Surgeon and he suggests that as in the case of Civil Officers, the allowance of a Ward Medical officer should be a fixed one irrespective of the grade of such Medical Officer, and he proposes that a uniform rate of Rs. 50/- may be granted as allowance

6-

to a Medical officer in charge of a Ward and Rs. 30/- to a Medical officer in charge of a Sub-Ward

I entirely concur with the Senior Surgeon in these opinions and consider that such an arrangement would be more equable and satisfactory in every way than the present one and I accordingly request that Government may be pleased to accord sanction to the same with effect from 1st April

A second point raised by the Senior Surgeon is the desirability of a uniform scale of allowance for Inspecting Medical Officers whose work is one of a very arduous and responsible nature and requires considerable tact and conscientiousness in its performance.

He recommends that from the 1st April (1) the Inspecting Medical officers in charge of inspection at stations at which the train is stopped for the Medical examination of all passengers should get an allowance of Rs. 30/- a month, and (2) that Medical officers deputed in addition to their other duties at other stations to examine only passengers alighting thereat, should be granted an allowance of Rs. 10/- a month; and (3) that where the same shall seem necessary to the Senior Surgeon, owing to the distance each Medical officer has to traverse each time he goes to the Station or to Special

Conditions

conditions, such as loneliness of the station or dearness of living thereat an additional carriage or local allowance of Rs. 60/- shall be grantable to such Medical officers.

I am of opinion that these proposals are fair and reasonable I consider that the extra work done by these Inspecting Medical officers is such as to merit the allowances proposed by the Senior Surgeon and I accordingly request that Government may be pleased to accord sanction to the same with effect from the 1st April 1899

No. 8267 DATED BANGALORE, 15th March 1899

From

THE PLAGUE COMMISSIONER IN MYSORE.

To The Secretary to the Government of Mysore
Revenue and General Department

SIR,

I have the honor to state that the Senior Surgeon and Sanitary Commissioner with the Government of Mysore recommends a local allowance of Rs 15/- to Mr B. Venkat Rau, Inspecting Medical Officer, at Bisanatham on account of costliness of living there. According to the scale of allowances proposed in my letter No 8138 dated 12th March 1899 an Inspecting Medical Officer can be granted a local allowance of Rs 10/- in addition to an Inspection allowance of Rs 10/-, but having regard to the

the fact that even the ordinary provisions have to be got down by brain at Bisanatham it is proposed to treat this place as an exception to the general rule

I would accordingly request sanction to the allowance of Rs 15/- recommended by the Senior Surgeon and Sanitary Commissioner with the Government of Mysore in favor of the Inspecting Medical Officer at Bisanatham.
